4 December: Feast of the Dedication of the Cathedral of St Stephen

The Cathedral of St Stephen's, in its various forms, has been part of the city of Brisbane from the very beginning. Its situation, right at the heart of the city, suggests its place in the story of Brisbane. What is now the chapel gave way to the larger church; and then there were dreams of a much grander cathedral which was never built. Funds from the sale of the property designated for the new cathedral was used for the remarkable renovation of St Stephen's thirty years ago, which led to the dedication.

The renovation was not just of the cathedral itself but of the entire precinct, which is something of which we can be proud. It is a gift we offer the city, an oasis at the heart of the CBD.

The cathedral is also a focal point for the Archdiocese, in a very real sense the mother church. That is why the **feast** of the dedication is celebrated not just in the cathedral but in all the churches of the Archdiocese. On this thirtieth anniversary I commend the feast to you in a special way, asking that you make it a moment when we pray for the unity of the People of God and a renewal of prayer and mission in the Church which makes her pilgrim way in this part of the world.

The Most Reverend Mark Coleridge.
